**EXPERIENCES
IN THE
VINEYARD**

A VISION TO CREATE A THAI WINE CULTURE

Monsoon Valley was founded in 2001 by Chalerm Yoovidhya, a wine-loving entrepreneur with a vision to create wine culture in Thailand. Upon returning from his studies abroad, Chalerm experimented with growing wine grapes, embarking on a journey to create world-class wines here in tropical Thailand.

His first vineyard was at Tab Kwang, in beautiful Khao Yai area, a region known as the 'traditional' grape-growing region of Thailand.

An opportunity arose in 2002, when Chalerm was invited to plant grapes at the Huay Sai Royal Research project, a trial vineyard in Petchburi province, which at that time was not considered a wine-growing region. However, to his surprise, the grapes thrived, which led to Chalerm deciding to grow wine grapes at a commercial level in Hua Hin.

Chalerm found the ideal spot in a former elephant corral, Baan Khok Chang, a lush 1,500 rai (240 hectare) valley 45 kms west of Hua Hin beach. And thus Monsoon Valley Vineyards was born!

Being close to the sea gives our vineyard an advantage as nights tend to be cooler with fresh sea breeze, while the sandy and loamy soil is enriched with shells and fossils giving minerality and freshness to the wines. Today we grow a wide array of varietals such as Colombard, Shiraz, Chenin Blanc, Sangiovese and Rondo. Later added were Muscat, Dornfelder, Merlot, Cabernet Sauvignon and Sauvignon Blanc varietals.

Almost 20 years later, we're proud to have become Thailand's most internationally awarded local wine, with over 340 accolades from around the world so far. We thank you for your support and hope your Monsoon Valley experience is a memorable one.
